

# Gather zero-party data. Integrate with Ometria.

Collect shopper data by running offers for closed user groups with instant **verification tools** and build your own **white-label offers page**. Populate Ometria with that valuable data to build unique customer segments.

TRUSTED BY 400+ BRANDS

## Bolster your Ometria database with DataCapture

Gather marketing permissions, phone and email data and sync directly with Ometria to build unique customer segments.

## Increase sales with custom on-site messaging

Call out specific offers on your product pages, and let users verify for and claim these discounts without leaving the page.

## Build connections & foster customer loyalty

Verify up to 16 different user groups and offer rewards to those who deserve it most (students, charity donors etc.)

## Improve conversion rates and grow customer LTV

Deliver more personalised marketing campaigns to engage and re-engage user groups with offers specific to them.

### OfferHub discount page

House all offers in an **instant SEO-friendly offers page**, proven to rank #1 for main discount terms

Recapture shoppers who leave your site in search of discount codes, and collect their data yourself instead of losing it to voucher code sites

Our 2 products will grow your CRM, here's how...

#### STEP 1

### Promote your closed group offers or discount page

Shout about your discounts on any marketing channel. Shoppers typically find offers through organic search, onsite banners, publishers and email.

#### STUDENT DISCOUNT

Enter info to unlock this offer

Verify Student Status

#### STEP 2

 Verified student

### Data & insights synced to Ometria

Get immediate value from anyone claiming your offers by collecting emails/phone numbers. Also build segments based on age, education or occupation.

**Plug & play integration • no dev required**

#### STEP 3

### Drive more sales with true personalisation

Launch regular campaigns to targeted groups - tie in to marketing events e.g. Student Loan Drops. Automate flows to re-engage the 60% of shoppers that claim offers but don't purchase.

**Craft engaging experiences off and on-site**

#### Back to school special
